## About Me

Welcome to my portfolio!

Hello! I'm Mohd Kaif, a passionate web developer with a focus on creating responsive and user-friendly websites. I have a strong foundation in both front-end and back-end development, allowing me to deliver complete web solutions.

## Skills

- **HTML5 & CSS3:** Proficient in building semantic and accessible web pages.
- **Java:** Knowledge in springboot and frameworks
- **JavaScript:** Experienced in developing interactive features and dynamic content.
- **Frameworks:** Familiar with frameworks such as React and Bootstrap for efficient development.
- **Back-End Development:** Knowledgeable in Node.js and working with databases like MySQL.
- **Version Control:** Proficient in Git for source code management and collaboration.
- **DSA:** Knowledge in DSA using Java

I'm always eager to learn new technologies and enhance my skill set. . Let's build something amazing together!

## Qualifications

- **Bachelor of Computer Application (BCA)** Lucknow University, 2024
- **Pursuing Master of Computer Application(MCA)** BBD University
- **Additional Courses:** Full-stack Developer

## Projects

### E-commerrce website

making a E- commerce website and more interactive tool to add carts and order items in it

### Online Fire Reporting System

Online Fire Reporting System Project is a web-based application. This application is used to report fire incidents immediately.
